

JAPAN AMERICA SOCIETY OF COLORADO CORPORATE MEMBERSHIP FORM

Welcome to the Japan America Society of Colorado

The Japan America Society of Colorado is a nonprofit, 501(c)(3), tax-exempt, non-political Colorado corporation comprised of individuals and organizations interested in strengthening cooperation and building better understanding between Japan and the United States.

Founded in 1989, JASC is one of nearly 40 societies working under the umbrella of the National Association of Japan-America Societies (NAJAS). We currently have over 200 members, divided between individual and business representatives.

JASC provides opportunities for educational and social enrichment through a variety of programs, lectures and cultural events. Business networking events facilitate the exchange of ideas and the understanding of business practices critical to financial interaction and economic development in both countries.

In addition, JASC works with local high schools and universities to promote mutual understanding among our future business and community leaders.

Interaction with Japan is becoming increasingly important to our state. Japan has been an active purchaser of Colorado products, accounting for one of the greatest percentages of the state's total exports. Japanese companies invest in job-creating ventures in Colorado, and also contribute substantially to the state's economic vitality.

Thank you for considering the Japan America Society of Colorado.

-Robert Sakata
President of JASC
